Q1. Which of the following describe your musical activity? (Select all that apply)

Performer (instrumentalist / vocalist)

Improviser

Q2. Before using the Hi-Audio platform, did you use any other browser-based audio recording tools?

Yes

Q3. What platforms similar to Hi-Audio (for recording, collaborating and sharing multi-track compositions online) do you know?

Tool name
Sonobus
Soundjack

Q4. Which DAWs, apps, or equivalent software for making music do you normally use?

Software/Tool name
Ableton Lite
Sonobus
Loopback (Rouge Amoeba)
Audio Hijack (Rouge Amoeba)
Playsound.space

Q5. Do you usually record audio using an external audio interface (e.g. a sound card connected to a microphone or instrument)?

Yes, always

Q6. Which musical instruments do you play, and at what level?

Instrument	Level
Cello	Expert/Professional
Piano	Expert/Professional

Q7. Which instruments or sounds did you record/upload to the Hi-Audio Radiophrenia 2026 Jam session?

Track content
Cello
Voice

Q8. How did you add tracks to the Hi-Audio platform?

I recorded to Hi-Audio directly using an audio interface and a microphone

I recorded to Hi-Audio by routing the audio signal from my DAW software

Q9. Did you measure latency using Hi-Audio's built-in method before you started recording?

Yes, but only once for the whole session

Q11. How did you record/upload tracks to the Hi-Audio platform?

I recorded/uploaded tracks across several sessions on the same day

Q12. How long (approximately) did you spend using the Hi-Audio platform (e.g., recording, uploading, or managing tracks)?

More than 60 minutes

Q13. Which operating system did you use?

macOS

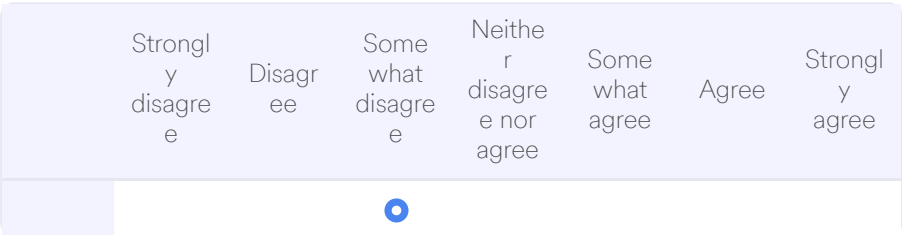

Q14. Which web browser did you use?

Chromium/Chrome

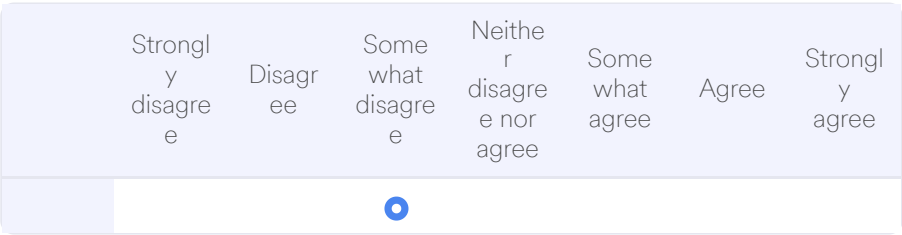

Q15. Did you use wired headphones/earphones (with a cable) or wireless (e.g. Bluetooth)?

Wired

Q16. To what extent do you agree that the Hi-Audio platform meets the necessary standards as a professional audio recording application?

Q17. To what extent do you agree that the Hi-Audio platform facilitated your artistic intentions?

Q18. To what extent do you agree with the following statements regarding your initial experience using the Hi-Audio platform?

	Strongly disagree	Disagree	Some what disagree	Neither disagree nor agree	Some what agree	Agree	Strongly agree
Interacting with the Hi-Audio platform did not require a lot of mental effort					☒		
I found the Hi-Audio platform to be easy to use				☒			
I found it easy to get the Hi-Audio platform to do what I wanted it to do			☒				

Q19. To what extent do you agree with the following statements regarding your personal experience using the Hi-Audio platform?

	Strongly disagree	Disagree	Some what disagree	Neither disagree nor agree	Some what agree	Agree	Strongly agree
I found using the Hi-Audio platform to be enjoyable				☒			
The actual process of using the Hi-Audio platform was				☒			

	Strongly disagree	Disagree	Some what disagree	Neither disagree nor agree	Some what agree	Agree	Strongly agree
pleasant							
I had fun using the Hi-Audio platform				☒			

Q20.To what extent do you agree with the following statements regarding your potential future use of the Hi-Audio platform for audio recording?

	Strongly disagree	Disagree	Some what disagree	Neither disagree nor agree	Some what agree	Agree	Strongly agree
Using the Hi-Audio platform for recording music would be a good idea			☒				
I would find the Hi-Audio platform useful for recording music			☒				
I would plan to use the Hi-Audio platform in my next music project			☒				
I would recommend the Hi-Audio			☒				

	Strongly disagree	Disagree	Some what disagree	Neither disagree nor agree	Some what agree	Agree	Strongly agree
platform to music colleagues							

Q22. Did you encounter any challenges when using Hi-Audio? If so, please describe them

- waiting time for recorded tracks to be synced with the server
- no options to manipulate audio input levels or other audio parameters on the fly when recording

Q23. Can you think of any other situation where Hi-Audio platform could be useful?

- preliminary jam/collaboration sessions
