Q1. Which of the following describe your musical activity? (Select all that apply)

Performer (instrumentalist / vocalist)

Improviser

Q2. Before using the Hi-Audio platform, did you use any other browser-based audio recording tools?

No

Q4. Which DAWs, apps, or equivalent software for making music do you normally use?

| Software/Tool name |
|--------------------|
| Reaper             |

Q5. Do you usually record audio using an external audio interface (e.g. a sound card connected to a microphone or instrument)?

Yes, always

Q6. Which musical instruments do you play, and at what level?

| Instrument    | Level        |
|---------------|--------------|
| Synthesizers  | Intermediate |
| Supercollider | Intermediate |

Q7. Which instruments or sounds did you record/upload to the Hi-Audio Radiophrenia 2026 Jam session?

| Track content |
|---------------|
| Supercollider |

Q8. How did you add tracks to the Hi-Audio platform?

I recorded to Hi-Audio by routing the audio signal from my DAW software

Q9. Did you measure latency using Hi-Audio's built-in method before you started recording?

Yes, but only once for the whole session

Q11. How did you record/upload tracks to the Hi-Audio platform?

I recorded/uploaded tracks across several sessions on the same day

Q12. How long (approximately) did you spend using the Hi-Audio platform (e.g., recording, uploading, or managing tracks)?

More than 60 minutes

| be easy to use                                                            |                   |          |                                  |                            |                 |       |                |
| I found it easy to get the Hi-Audio platform to do what I wanted it to do |                   |          | <input checked="" type="radio"/> |                            |                 |       |                |

Q19. To what extent do you agree with the following statements regarding your personal experience using the Hi-Audio platform?

|                                                                | Strongly disagree | Disagree | Some what disagree | Neither disagree nor agree       | Some what agree | Agree | Strongly agree |
|----------------------------------------------------------------|-------------------|----------|--------------------|----------------------------------|-----------------|-------|----------------|
| I found using the Hi-Audio platform to be enjoyable            |                   |          |                    | <input checked="" type="radio"/> |                 |       |                |
| The actual process of using the Hi-Audio platform was pleasant |                   |          |                    | <input checked="" type="radio"/> |                 |       |                |
| I had fun using the Hi-Audio platform                          |                   |          |                    | <input checked="" type="radio"/> |                 |       |                |

Q20. To what extent do you agree with the following statements regarding your potential future use of the Hi-Audio platform for audio recording?

|               | Strongly disagree | Disagree | Some what disagree               | Neither disagree nor agree | Some what agree | Agree | Strongly agree |
|---------------|-------------------|----------|----------------------------------|----------------------------|-----------------|-------|----------------|
| Using the Hi- |                   |          | <input checked="" type="radio"/> |                            |                 |       |                |

|                                                                    | Strongly disagree | Disagree | Some what disagree | Neither disagree nor agree | Some what agree | Agree | Strongly agree |
|--------------------------------------------------------------------|-------------------|----------|--------------------|----------------------------|-----------------|-------|----------------|
| Audio platform for recording music would be a good idea            |                   |          |                    |                            |                 |       |                |
| I would find the Hi-Audio platform useful for recording music      |                   |          |                    |                            |                 |       |                |
| I would plan to use the Hi-Audio platform in my next music project |                   |          |                    |                            |                 |       |                |
| I would recommend the Hi-Audio platform to music colleagues        |                   |          |                    |                            |                 |       |                |
